

PROF. DR HAB. INŻ. JAN KAZIOR

ZAPRASZANE WYKŁADY ZAGRANICZNE - INVITED SPEAKER

- Uniwersytet w Trento - Seminarium „Production of near full density components by liquid phase sintering:” 1. 10.1997 rok.
- The European Material Conference - MRS 1-4 June 1999, Strasbourg (France)- Protective Coatings and Thin Films - Sympozjum B – tytuł wykładu: Microstructural characterization and properties of thermochemically surface treated P/M iron based alloys”
- IPPT PAN Warszawa, Course on Mechanics of Advanced Materials” Surface engineering of sintered steels” Październik 8-12, 2001.
- 2005-2015 wykłady na Politechnice w Turynie – w ramach program UE Erasmus dla doktorantów. Manufacturing of Structural components by powder metallurgy technology”
- 2012, HITEMP Conference, 11-13, Munich, Germany “Application of thermal analysis in determining the sintering behavior of stainless steels powders”
- 2014 – Powder Metallurgy Summer School - European Powder Metallurgy Association, Krakow, tytuł wykładu “Sintered Stainless Steels”,
- 2014 – Korea Południowa – 9-15 November 2014, Yesou, Fall Meeting Korean Powder Metallurgy Institute, tytuł wykładu, “Sintering behaviour of aluminium alloys powders”
- 2015 – Thermo-Calc Software Seminar, wykład “ThermoCalc Applications in Sintering of Iron-based Powders”
- 2016 – Innovative Manufacturing Conference IMT 2016 , wykład, “Sintering of 17-4 PH stainless steel powder“
